

# DIAM CORKS

Embracing Tradition and Technology

---

- Matchbook Wine Company uses DIAM corks to preserve the quality, flavors and aromas of our wines.
- DIAM is the only cork closure that provides perfect homogeneity from bottle to bottle.
- DIAM is an innovative closure that combines the tradition of a cork with technology. DIAM corks are:
  - TCA taint-free and free of other molecules responsible for sensorial deviations
  - Eco-friendly
  - Romantic consumers enjoy the ritual of uncorking wine
- Preserving the wine throughout its maturation, DIAM ensures a successful tasting experience every time!

Protects flavors, aromas and quality  
Preserves uncorking ritual

Guaranteed without cork taint  
Permeability to match the aging needs of every wine

Consistent bottle to bottle and case to case
